

Geography in the Early Years is in the 'People, Culture and Communities' and 'The Natural World' section of Understanding the World

Autumn term: The children use globes and atlases to locate the Arctic and Antarctic. They enjoy learning about these freezing environments and immerse themselves in Arctic role-play!

Summer Term: In Reception the children learn about London by becoming tour guides and visiting all the famous landmarks .

Autumn term: There are lots of visitors who teach the children about their local community.
