

17th July 2025

Dear Parents/Carers, Staff, Pupils and Honeywell Community

It has been a fun-filled summer term with unparalleled enrichment for the pupils, fantastic PTFA community events like International Day and the Summer Fete, and unwavering commitment from staff in delivering quality teaching and learning in the classrooms.

Thank you to each and every one of you for the positive difference you make at Honeywell Schools. We are all lucky to be part of such a supportive and aspirational community.

This year, early indications for **Year 6 performance** outcomes suggest yet another percentage uplift in all areas and outstanding performance set against the national picture. Both Schools will publish data as soon as it is finalised.

Alongside this display of academic excellence is the strength of the **pastoral care** of all stakeholders in Honeywell Schools. Testament to this are the hundreds of happy, inspired and kind pupils who love coming to school each day.

Enclosed with this letter is the **Governors' Annual Impact Statement** for 2024-25. Please enjoy reading a summary of all the work Governors have completed this year – we have many hard-working individual Governors who act as links for specific areas and they have produced interesting reports alongside the wider committee reviews.

Our thanks again to you all. **Special thank you** to the PTFA Trustees, Reps and Volunteers. Your work is vital and is greatly appreciated.

And a special, final thank you to Ms Neal who will be missed next year but we look forward to seeing her in the wider Honeywell community!

Our best wishes for your summer holiday.

Yours faithfully

Emma Healey

on behalf of Governors
